# Dear Customers,

As a leading producer of advertising sweets, we are thrilled to introduce our latest offerings for 2024 under the SLODKIE brand. Our newest catalog showcases an array of innovative sweets and imaginative personalization options.

Explore our fresh catalog, unveiling **over 150 groundbreaking products!** Each item in our collection is meticulously crafted using premium-quality ingredients, ensuring an unparalleled taste experience.

Marking a significant milestone, our comprehensive chocolate confectionery line now features individual pralines and chocolates adorned with logos directly imprinted on the aluminum foil. This **pioneering approach to personalization** stands as a noteworthy addition to our product range.

We're excited to announce the expansion of our **delicacies range**. Indulge in the sweet variety, enveloped in rich dark chocolate with delightful embellishments. Additionally, we introduce brand new savory flavors – ideal for the warmer months. Orange zest enhancing dessert chocolate infused with Earl Grey, redcurrant complementing white chocolate, or hazelnut paired with matcha in white chocolate. These are just **3 of the over 20 exquisite flavors featured in our delicacies collection**. We're more than happy to curate a selection of nuts and fruits coated in various chocolate types with an array of original additives upon request.

**Anna Garmada**  
CEO

We proudly present a delectable novelty in the promotional sweets sphere: aromatic **marzipan** now available in two distinct flavors – infused with either Cointreau liqueur or Baileys liqueur and enrobed in chocolate.

As **connoisseurs of artisanal caramel**, we've expanded our repertoire by introducing **new fruit juice flavors**.

Discover our latest addition: the all-new **gingerbread assortment** featuring the timeless flavor of traditional gingerbread.

Our packaging embodies sustainability by employing compostable, biodegradable materials. **Pioneering in eco-conscious practices, we proudly present our small chocolates (5 and 10g) enclosed in entirely biodegradable packaging.**

We wish you a prosperous 2024, brimming with success and unforgettable moments worth celebrating!

Warm regards,  
**Anna Garmada, CEO**

# Who are we?

**We're a manufacturer of advertising sweets, which has been creating personalized and highest quality gifts for over 27 years. ## Sweetness tailored to your business!

We have more than 600 products, ranging from chocolates and cookies, through candies, lollipops, chewing gums to elegant pralines and truffles. All candies have their own range of flavors, colors

and packaging, giving almost infinite possibilities! At the customer's request, we also create fully personalized products not only in terms of packaging, form or color, but also taste or preferred filling.

## What occasion is good for... a sweet gift?

We know that positive emotions are as important as excellent sales results, and there are countless reasons to celebrate. From a successful contract to fruitful cooperation or another shared success! In SLODKIE you will find sweets for every occasion.

# Closer to the nature

Every day, everyone pays attention to the freshness of the food products purchased in stores. At SLODKIE, we believe that the same iron rule applies to advertising sweets! That is why, we do everything to offer impeccable freshness of products that reach our customers every day.

## How do we do it?

All chocolates are produced in cooperation with Barry Callebaut **FINEST BELGIAN CHOCOLATE**, thanks to which our products are characterized not only by excellent taste and composition, but also by the highest quality.

Our caramel is a fully craft production! It's handmade without the addition of artificial flavors, colors or preservatives.

We pour out the chocolate and cook the caramel only after the order by the customer.

We're constantly working to ensure that the labels of our products are clean and their compositions are shorter and shorter. As a result, we can offer certified vegan products, without dairy, gluten or artificial preservatives.

**This ensures you get the freshest product with the longest possible shelf life.**

**We prepare all packaging in our printing house, thanks to which we can offer fast delivery!**

**We pack the sweets in personalized packaging immediately after their production.**

**The whole process from design to shipment takes place under one roof, so we have everything under strict control. We meet the highest standards of food production safety, confirmed by the international IFS Food certificate.**

cat. no.: 0314/SAW

**Imprint your brand logo on a chocolate circular saw – an inventive edge for those in the construction industry. Should you desire an entirely new shape, we're eager to bring your vision to life.**

Tailoring each bar to your specifications, we'll emboss your company logo, chosen graphics, or text onto the chocolate. Beyond our diverse range of shapes in the Choco4Mat Line, indulge in a selection of up to 10 chocolate flavors.

Craft your distinctive promotional masterpiece perfectly aligned with your brand. These unconventional-shaped chocolates are encased in R-PET molds, incorporating 80% recycled material, and enveloped in FSC-certified packaging. Opt for white, kraft, or ecru paper – the latter being our most environmentally conscious option infused with grass fibers. The packaging's window elegantly showcases the chocolate, accentuating its exceptional shape.

Customize the packaging further by incorporating your logo, graphics, photo, or slogan. Leveraging cutting-edge digital printing technology, we bring your creative visions to fruition, enhancing the allure of your personalized chocolates.

## BESPOKE CHOCOLATE CHOCO4MAT SOCKET

cat. no.: 0314/SOCKET

**Here's an electrifying offer within our range, a powerhouse for your advertising endeavors! Choose from our socket-shaped chocolates to captivate your clientele. Seeking something entirely novel? We specialize in crafting exclusive and innovative shapes tailored to your specifications.**

Each bar is meticulously customized to meet your unique requirements. Whether it's imprinting your company logo or a personalized text onto the chocolate surface, our Choco4Mat range offers not just varied shapes but also a delightful selection of up to 10 distinct chocolate flavors.

We excel in fashioning bespoke promotional items that resonate with your brand essence. For a sustainable and eco-conscious approach, we package our molded chocolates in FSC-certified materials. Additionally, you can choose from three paper colors: white, kraft, or ecru, the latter being the most environmentally friendly with its incorporation of grass fibers. The window packaging elegantly showcases the chocolates, accentuating their unique shapes.

Customization extends to the packaging itself, allowing you to adorn it with your logo, graphics, photo, or slogan.

## BESPOKE CHOCOLATE CHOCO4MAT GINGERBREAD HOUSE

cat. no.: 0314/GINGERBREAD HOUSE

**Indulge in a gingerbread house made entirely from luscious, aromatic, high-quality chocolate – complete with your distinctive brand logo. Opt for this captivating structure to forge delightful connections with your brand!**

Choco4Mat products offer many personalization options – you can not only choose the shape of the chocolate, but also its couverture, i.e. flavor (we offer as many as 10 chocolate types to choose from), display the logo directly on the product and personalize the packaging. Thanks to this, you will create a unique sweet advertising gadget of premium quality, tailored to the brand, industry and assumptions of the promotional campaign.

The advertising area of this product is impressive: the large size of the package 135 x 137 x 15 mm and 65 g bar is a guarantee of generous placement of your brand.

Did you know that... the entire production process – from the design of the mold, to the pouring of the chocolate, the printing of the packaging and its confectionery takes place at our company, under one roof, so we have full control over the entire process? That's how we know it goes quickly and safely.

## BESPOKE CHOCOLATE CHOCO4MAT T-SHIRT

cat. no.: 0314/T-SHIRT

**Introducing a delightful creation tailored just for you – a chocolate T-shirt! We'll elegantly feature your logo and advertising message on this delectable treat. Craving something extraordinary? We're thrilled to fashion something exclusively unique for you.**

We make the T-Shirt from Top Gourmet chocolate with Cocoa Horizons certification, which guarantees that all of our chocolate ingredients are sustainably sourced. We offer you as many as 10 flavor options to choose from.

A delicious, large 65 g bar in T-Shirt format is not only an interesting shape, but also a double personalization: on the packaging and the chocolate itself!

We personalize the packaging with digital printing, which is ideal for printing photos, detailed designs and graphically complex designs, and we will emboss your logo or any sign on the chocolate.

Note: In our offer, you will find more than thirty ready-made shapes, which you can personalize by adding a logo or a graphic sign – without incurring the cost of an individual shape of the bar and packaging!

## BESPOKE CHOCOLATE CHOCO4MAT BALL

cat. no.: 0314/BALL

**A chocolate ball featuring your logo is always a bullseye! We highly recommend this delectable gem for its extensive personalization capabilities. And if you're craving something more distinctive, count on us to craft a customized chocolate in any shape imaginable.**

Within the Choco4Mat range, it's not just about an extraordinary chocolate shape; it's also about the ultimate in personalization! Your brand logo, graphic, or chosen text will be meticulously embossed onto the bar's surface. Additionally, this product boasts an impressive selection of up to 10 diverse chocolate variations for your indulgence.

Safeguarded in an R-PET mold, comprised of 80% recycled materials, the chocolate ball is encased within FSC-certified paper packaging. Take your pick from paper hues of white, kraft, or ecru - with the latter showcasing its eco-friendly edge through the inclusion of grass fibers. The windowed packaging is designed to present the product in a captivating manner.

The packaging itself serves as a canvas for your logo, graphic, or advertising slogan. We use cutting-edge digital printing technology.

## BESPOKE CHOCOLATE CHOCO4MAT DUCK

cat. no.: 0314/DUCK

**Chocolate duck alert! We endorse this delightful piece of chocolate for its dual personalization potential. And if you're yearning for something even more extraordinary, count on us to craft bespoke chocolates in any desired shape.**

A large 65 g chocolate bar in the shape of a funny duck has not only an interesting shape but also a double personalization: on the packaging and directly on the chocolate!

Within the Choco4Mat Line, you wield the power to select not just the shape but also the flavor profile - with a tantalizing array of up to 10 chocolate variations to cater to your discerning taste. They are made of Top Gourmet chocolate with the Cocoa Horizons certificate and do not contain palm oil, so you get a sweet with a unique taste and pure composition.

We will precisely emboss your brand logo or selected text on the surface of the chocolate. You can place your graphic design, photo or advertising slogan on the packaging. We create and implement personalized graphic designs using the latest digital printing technologies.

Choco4Mat Duck is perfect as an unconventional advertising medium when you want to build awareness of your brand in the IT industry!

So "keep calm and start rubberducking" together with Choco4Mat Duck.

# CHOCO4MAT MINI PRINT COLLECTION

Print on chocolate? It's possible!

## DISCOVER THE LOGO PRINT COLLECTION

Sweets with a personal message are always a great idea. If you are also a fan of individual solutions, you will be delighted with our LOGO PRINT collection.

**Personalization directly on the chocolate has never been so easy!**

### How do we do it?

1

Personalization on chocolate is made with edible products and completely safe food coloring inks from certified suppliers.

2

We use food coloring inks without ingredients of animal origin, GMO FREE, with the highest safety certificate for pharmaceutical and food use.

3

We make a thin, imperceptible layer of decoration that creates a clear picture, colorful graphics, logo or name of your company on the chocolate.

4

Sweets in the PRINT line are more affordable and faster version compared to chocolate with an embossed logo!

## BESPOKE CHOCOLATE CHOCO4MAT MINI CIRCLE PRINT

cat. no.: 0378P/CIRCLE

# Our chocolate

**SLODKIE has been working with the best Belgian Top Gourmet chocolates for 27 years. Our Polish and foreign customers fell in love with their delicious taste. Every year we surprise them with new combinations and flavor compositions that combine with a unique form and a clean label, they will not let you forget about them for a long time!**

**Currently, all chocolates are produced in cooperation with Barry Callebaut FINEST BELGIAN CHOCOLATE. It is a guarantee of the highest quality of chocolate and its unique, creamy taste.**

## Do you know that...

we are the only company in the industry to offer chocolate and pralines coming fully from sustainable sources, and all of them are certified by the Cocoa Horizons Foundation?

**SLODKIE was the first company on the Polish market advertising sweets to introduce 100% plant-based chocolate!**

slo<sup>o</sup>kie

Crafted in Belgium  
**FROM BEAN TO BAR**  
since 1911.

**CALLEBAUT**  
BELGIUM 1911

Our cocoa beans come from sustainable and recognised sources - directly from the farmers under the care of the Cocoa Horizons Foundation.

The beans ferment for 3 to 8 days between the banana leaves, changing their flavor from bitter to chocolate.

In the next 2 to 4 days, they are dried in the sun.

Our beans come only from the main harvest - they're bigger and with a stronger flavor. Before shipment, they go under another quality check.

The beans transported from Ghana, Ecuador and the Ivory Coast go to Antwerp where the flavor of each batch is determined.

Thanks to this selection of flavour profiles, Master Blenders manually compose the beans for the perfect flavor.

It is only this smooth and creamy chocolate that is tempered by us into individual shapes with our clients logo.

This mixture is passed through a 5-roll refiner and then it is carefully subjected to a process of conching which takes a minimum of 60 hours.

Depending on the recipe, the cocoa liquor is combined with high quality ingredients, such as vanilla, milk or sugar.

Then the beans are split open, and the cocoa nibs are ground to a smooth cocoa liquor - the heart and soul of our chocolates.

Whole beans are roasted! The shell protects them and keeps the aromas and flavors preserved inside.

## ADVERT CARD - VELVET HEART PRALINE

cat. no.: 0529C

Here's our blend of classic and innovation. Heart-shaped pralines not only look charming but also boast a unique taste - of velvety chocolate that melts in the mouth. Each chocolate praline with its aromatic filling is made from sustainably sourced ingredients, confirmed by the Cocoa Horizons certificate.

Accompanying the praline is a paper card that we'll personalize according to your preferences, featuring your logo, graphics, photo, slogan, or message. That's why our chocolate hearts are the perfect way to convey wishes or offer a pleasant gift for any occasion. It could be a sweet gesture to invite clients to a new office or announce a rebranding.

You can choose the card from three paper options: white, kraft, or paper infused with grass fibers, providing the most eco-friendly choice.

Moreover, the product is additionally protected by transparent foil, which is 100% recyclable, emphasizing our commitment to ecology.

## MOLDINGS

**We are constantly working on the maximum reduction of plastic consumption in our packaging.**

**Where it is necessary due to the safety of a food product, we use one that is 80% recycled and 100% recyclable for reuse. Our product moldings are made of R-PET foil. What does it mean?**

PET (polyethylene terephthalate) is currently one of the most commonly used packaging materials because it protects the product's properties as well as being lightweight, durable and transparent. Such packaging allows to maintain the high quality and properties of the stored product. PET packaging is made of the so-called primary raw material, i.e. obtained directly from crude oil fractions in an appropriate chemical process. One of the characteristics of PET is that it can be easily recycled, and because of the ease of processing and recovery, PET packaging

is a valuable raw material. They can be easily transformed into bottles, t-shirts, sleeping bags and carpets or other articles.

**R-PET, or recycled PET, is a popular, high-quality plastic suitable for contact with food, commonly used for the production of bottles and packaging.** Importantly, after processing, it does not lose the properties of PET. It is safe, functional and helps to significantly reduce the production of new plastics.

**Why is the use of R-PET plastic beneficial for the natural environment?**

- limits the production of new material,
- reduces CO<sub>2</sub> emissions from 40 to 80%,
- recycling reduces water consumption in the production process (approx. 90%) and energy (approx. 80%),
- R-PET is a step towards a closed circular economy,
- the material is suitable for continuous recovery - materials and raw materials can remain in economic circulation as long as possible R-PET has a lower carbon footprint.

**The effect of using R-PET packaging is also a significant reduction in greenhouse gas emissions!**

## SWEET SPHERE PRALINES IN TIN 12 PCS

## METAL TINS

Do you remember that we also offer our dragees, candies, teas and pralines in metal tins?

Why is it an ECO-friendly option?

The tins are extremely durable and environmentally friendly as a packaging material. They will not only survive washing in the dishwasher, regular, long-term use or falling off a shelf – they are also perfectly recyclable!

**Metal is endlessly recyclable. It means that the metal tins in which we put our dragees or gums can be recycled many times... without losing its quality and with the highest recyclability rate of all packaging materials!**

**The use of secondary raw materials means energy savings compared to the use of virgin raw materials.**

- all metal tins in which we pack SLODKIE gadgets are aesthetic and durable. After eating dragees or drinking tea, they are perfect for storing small items,
- up to 95% of a tin can be recycled,
- up to 95% of a tin can be recycled.

## HOT-STAMPING

We use HOT-STAMPING technique to decorate and refine our packaging!

Hot-stamping, also known in printing as gold plating or thermal printing, is one of the **modern finishing methods**.

Printing with gold plating **is elegant, and products decorated with this method attract attention.**

Thanks to the high-quality visual effect, hot stamping is used to refine many types of products, including packaging.

# IN OUR OFFER YOU WILL FIND THREE TYPES OF PAPER TO CHOOSE FROM!

The packaging of promotional sweets is pivotal. It transcends being a mere box, it's **your canvas for advertising**, an avenue to shine. Crafted from **FSC-certified paper**, our packaging showcases our commitment to the environment. Tailor your packaging to suit your brand, campaign, or the values you wish to express by selecting from three paper types available.

## kraft paper

Paper crafted entirely from recycled or mixed secondary fibers (previously used paper materials). Kraft paper, distinguished by its natural hue, doesn't undergo a bleaching process; its shade is affected by the recycled content. Due to its unique color, the CMYK and PANTONE color palettes might display varied saturation compared to white paper.

## white paper

White paper consists solely of primary fibers, derived as a by-product from fresh wood fibers acquired through processes like sawmilling or controlled tree harvesting. Its color is achieved through a chlorine-free bleaching process. It's recyclable and supports up to 25 recycling cycles. This paper allows for excellent reproduction of the PANTONE and CMYK color palettes.

## ecru paper

Modern paper enriched with grass fibers, incorporating up to 40% ecological grass fibers alongside other virgin fibers. Utilizing grass in paper production conserves water, curtails energy consumption, and minimizes the requirement for substantial chemical use, consequently slashing CO<sub>2</sub> emissions by about 75%. This environmentally-conscious paper is fully biodegradable. Its versatile properties enable the realization of innovative and unconventional projects while highlighting eco-friendly aspects.

## CHOCOLATE BAR MINI MODERN BAND

cat. no.: 0401

**Unconventional in shape and distinctive in taste, our square-shaped chocolate boasts originality through surprising flavor combinations. Its packaging mirrors this uniqueness with a banderole-shaped box that complements the chocolate perfectly. What's more, our chocolate is safeguarded by compostable foil, ensuring our packaging is 100% biodegradable when combined with paper.**

Our 11 delightful flavor blends are enriched by delightful sprinkles, infusing an extraordinary taste and aroma into each bite.

The Mini Modern Band chocolate is nestled within a customizable paper box, offering full personalization opportunities. If you have a vision for your company's chocolate, share your logo and graphic designs with us, and we'll bring your concept to life.

If you're seeking inspiration, our team can craft a distinctive design for you.

# Delicious premium chocolate is our sweet specialty!

Excellent taste and aroma, unusual creaminess, unusual color, all prepared with a clean label, based on the best recipes, noble ingredients and of course... Belgian Top Gourmet chocolates! Welcome to our sweet world! Do you already know all the types of our delicious chocolates? Explore the available flavors and choose your favorite addition.

## Types of SWEET chocolates:

**Milk** – chosen by chefs around the world, distinguished by its exceptional creaminess. Thanks to her we have the impression that each piece of milk simply melts in our mouths!

**Ruby** – ruby sweetness with an intense, fruity flavor with a fresh, sour note. It is prepared with red originating cocoa beans from the Ivory Coast, Brazil and Ecuador.

**Dark 56% or 72% coco** – for many, it is a delightful compromise between sweet milk chocolate and dry, bitter. Depending on the content of cocoa, it will be perfect with various additives, creating completely original flavor compositions.

**White** – devoid of cocoa powder, characterized by a balanced taste with perceptible notes of milk, made for fans of original flavors. With additions, it also creates a delicious feast for the eyes!

**NXT** – 100% plant-based chocolate, free of allergens and even trace amounts of dairy. It is perfect and completely safe for vegans or people with lactose intolerance.

**Honey** – is a combination of pure, natural delicacies: traditionally produced milk chocolate with a touch of natural honey, which results in a creamy-caramel taste and creamy sweetness with a honey accent.

**Caramel** – a masterful composition of excellent ingredients, such as caramelized sugar and caramelized milk with an exciting pinch of salt. In its intense but balanced taste you will find rich notes of butter and cream.

**Wholefruit** – the latest type in our offer. Wholefruit chocolate is made entirely from pure cocoa fruit without vanilla, lecithin and refined sugar. The whole fruit is used for its production, which gives it its unique aroma. The healthiest and most organic chocolate you can imagine! This is its debut on the European advertising market.

**Sugarfree** – is a perfect flavor composition combining cocoa, milk and sweetness – but without added sugar. Its wonderfully harmonious taste and pleasant sweetness were obtained thanks to the use of maltitol, complemented by natural Bourbon vanilla. It's a refined composition that will be appreciated not only by every sweet lover in the traditional edition, but above all by people who avoid white sugar, keep in shape, and take care of the line and silhouette.

## Additives and fillings for our Top Gourmet chocolates:

- ground almonds, pistachios, hazelnuts and walnuts,
- coffee from the oldest Polish roastery – Pluton,
- fruits and flowers,
- natural honey,
- salty caramel,
- roasted cocoa beans,
- salt and chili,
- spice cookies,
- premium liquors from J.A. Baczewski.

In 2022, we focused on our own craft production of dragees and nuts and dried fruit. How about sour currants in white chocolate, raisins with coffee or orange peel in dark chocolate?

Ideal for company picnics and outdoor marketing campaigns. Also, it's a charming addition to welcome packs for new employees.

## COMPOSTABLE FOILS

**Due to the strict rules regarding the safety of food products, foil is an indispensable material that we use at SLODKIE. To minimize the consumption of plastic, we were the first on the Polish market of advertising products to introduce a 100% compostable foil. In addition, we also offer our sweets in packaging in which we have reduced the use of foil by as much as 65%. How is this possible?**

The specialized packaging foils we use, provide strong ecological support for the growing consumer demand for more environmentally friendly packaging. Most types of BIO foil are based in over 90% on renewable resources, i.e. wood pulp, and have certificates of compliance with European and American standards for packaging suitable for industrial composting. What besides wood pulp?

The foils offer a good barrier for gases, and the coatings can be customized to provide different degrees of barrier for moisture, depending on the needs of the packaged product.

**The ideal end-use scenario for BIO foil? Industrial or home composting! Today you can order advertising sweets in BIO foil and make a good gesture not only for your palate, but also for our planet!**

- wood pulp from which BIO foil is produced comes from FSC-certified sources,
- compostable in a home composter,
- complete security of your advertising product.

**Use BIO foil when ordering advertising sweets and take care of the good of our planet with us!**

## PAPER

**Did you know that we are the only company in Poland in the advertising sweets industry to be FSC® certified (FSC® C155076)? It guarantees that we use paper from recycled or ecological sources. Thanks to this, we protect forest areas every day! We are constantly implementing various pro-ecological solutions, expanding our offer with products that are better and better for the environment. Our activities have been noticed and awarded by international organizations of experts with the European PSI Sustainability award.**

FSC®, i.e. Forest Stewardship Council®, is an organization responsible for the certification of forests and all kinds of wood and paper products. Proceeding in accordance with the FSC® guidelines allows you to be able to obtain wood without compromising the biodiversity and structure of forests.

FSC® certification is a guarantee that the raw material originates from controlled logging or recycling.

The FSC® criteria include, among others: protection against illegal use and development of forest areas, ensuring the right to use forest resources for local communities, protection of health and safety of forest workers.

Ask for FSC® certified products.

SLODKIE endorses the principle of responsible forest management, how about you?

As the only one in Poland in the advertising sweets industry, we have successfully passed the audit and received the FSC® certificate.

Choosing a product with the FSC® mark, you support responsible forest management in the world.

All SLODKIE paper packaging has the international FSC® certificate!

# Product freshness = quality

At SLODKIE, we believe in the green future of our planet! Knowing that we all have a huge influence on what our tomorrow will look like, we constantly stay even closer to nature. What modifications and novelties are we introducing in our sweet production?

## Products

All our sweets are produced in the spirit of a healthy, ecological approach. As a result, all ingredients in our chocolates, pralines and their fillings come from **100% sustainable sources.**

For slightly more demanding lovers of sweets, we offer 100% plant-based NXT generation chocolate, free of allergens and trace amounts of dairy. You will not find palm oil in any of our products! At SLODKIE, we believe in the "less is more" rule, which is why most of our products are characterized by a short composition, no preservatives, artificial colors or flavors.

## Certifications

The best proof of our eco-approach are the certifications we have obtained!

- All our chocolates, pralines and dried fruits in chocolate have the **Cocoa Horizons Certificate**, which proves the use of ingredients from sustainable cultivation and the application of ethical practices.
- The entire **SLODKIE range is covered by the IFS Food Certificate**, which guarantees that our products are manufactured, packaged and distributed in accordance with the highest international food safety standards.
- We were the first in the advertising industry in Poland to obtain the **FSC® certificate** (FSC® C155076) proving a responsible approach to forest management.
- Thanks to the obtained certificate, since **January 1<sup>st</sup> 2023**, we use **100% green energy** in our sweet production.

## Packaging

---

**At SLODKIE, we pay a lot of attention to the ecological packaging of our advertising gadgets. Our transport packaging is 100% recycled!** Did you know that when ordering our sweet products, you will receive them secured with fully biodegradable fillers? But that's not all! We also use eco-type foil, which is 100% recycled and fully recyclable. We replace classic adhesive tapes with paper ones, and our technologists are constantly working on reducing the use of plastic in our packaging as much as possible.

---

## Waste management

**At SLODKIE we put great attention to the segregation of waste. Marking baskets with appropriate icons and the use of colored bags additionally make it easier for proper segregation of garbage.**

### **What do we do to reduce production waste?**

We recycle some of our raw materials or semi-finished products! We also limit originating residues from the plastics we use, and we cooperate with external companies that recycle unused packaging. In 2022, we also established cooperation with Too Good To Go. It is a company that helps save food (among other things!) and has a lot of advantages: it not only fights against food waste, but also allows you to buy high-quality products for a much lower price. You can now collect sweet surprise packages from our Warsaw headquarters, containing e.g. high-quality lollipops, candies and craft chocolates.

---

## Transport and logistics

**In 2022, we exchanged the SLODKIE company car for an even greener version! Our new car is an electric Opel with zero CO<sub>2</sub> emissions.**

We are proud of this change because logistics and transport are a very important part of our daily work. For this reason, for a long time we have been cooperating exclusively with the so-called green carriers, who reduce fumes emissions. Thanks to this, our sweets reach you not only on time, but also in an environmentally neutral way.

# GINGERBREAD COLLECTION

# GINGERBREAD COLLECTION

The scent of ginger, cinnamon, cloves and honey – only gingerbread can exude such an aroma.

Presenting spicy novelties that exude not only a beautiful aroma, associated with warmth at home, but also an incredible taste.

This collection is a mélange of flavor and creativity. You will find in it spice cookies that stand out for their unusual form, e.g., a biscuit in the shape of a truck or a house with an impressive form of personalization – a logo directly on the cookie.

It will also include the classics of the genre, i.e., **the iconic gingerbread straight from Toruń!**

The new line captivates not only with the creative shapes of the sweets but also with the aesthetically pleasing packaging, which has been designed by **illustrator Pola Augustynowicz**.

To emphasize the uniqueness of the offered products, the artist created a unique visual setting for them. Her design included many details that graphically linked it to these distinctive spicy treats.

# International guarantor of food safety

We have been producing advertising sweets since 1997 and our customers, their satisfaction and loyalty have always been the most important for us. For this reason, we're constantly modernizing our machine park, investing in modern technologies, machines and production processes.

Company gifts ordered from us are always of the highest quality. We have great proof of this, because the 11th year in a row, as the first on the Polish market of advertising sweets, we successfully passed the audit and obtained the International Featured Standard (IFS Food) certificate. It is a guarantee that our products are manufactured, packaged and distributed in accordance with the highest international food safety standards.

## The IFS Food standard specifies not only the restrictive requirements for food production, but also the conditions regarding:

- Management and involvement in supporting the sustainability of food safety culture and food quality assurance policy.
- Food Quality and Safety Management System – regarding meeting the legal requirements of food safety and customer specifications.
- Measurement, analysis and improvement – in terms of control, validation of processes and management of complaints and corrective actions.
- Food Protection Plan in the context of protecting the integrity of the company and manufactured products.

IFS FOOD responds to the needs of consumers, suppliers and retailers in terms of constantly maintaining high quality products. Obtaining it means systematic analysis and supervision of all production processes of our choices.

## What should you know about IFS?

IFS Food is an international standard for assessing the compatibility of products and processes regarding food safety and quality. From the perspective of a manufacturer of advertising sweets, this is a significant certification, which attests to the company's attention to the highest level of its products. Obtaining this certification involves documenting the high quality of the origin of the raw materials used, origin of raw materials used in production, possession of Food Defence principles in the plant, as well as ensuring continuous improvement of the company.

**We are glad that SLODKIE has had the IFS FOOD certificate for over nine years, which covers our entire product range and every element of the production process!**
